

Welcome!

Should the humdrum of the work week leave you with the urge to travel and explore, head to Raven Rock State Park. Adventure is just an hour-drive from the Research Triangle and only 45 minutes from the Fayetteville area.

You are likely to experience a feeling of renewal. Here, the forest reigns as each year the timeless cycle of growth further heals age-old wounds inflicted by man. Nature triumphs as plants compete in the stages of forest succession and the woodlands are restored. High above the Cape Fear River stands Raven Rock. Its austere beauty is a testament to the forces that have shaped the land throughout the centuries. As the river below rushes to join the sea, nature's elements continue to shape the surface of this natural monument.

Spend some time at Raven Rock State Park and let nature refresh your spirit.
